

HIPAA Acknowledgement/Consent Form

I understand that I have certain rights to privacy regarding my protected health information. These rights are given to me under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). I understand that by signing this consent I authorize you to use and disclose my protected health information to carry out:

- Treatment
- Obtaining payment from third party payers (e.g. my insurance company);
- The day-to-day healthcare operations of your practice.

I have also been informed of and given the right to review and secure a copy of your Notice of Privacy Practices, which contains a more complete description of the uses and disclosures of my protected health information and my rights under HIPAA. I understand that you reserve the right to change the terms of this notice from time to time and that I may contact you at any time to obtain the most current copy of this notice.

I understand that I have the right to request restrictions on how my protected health information is used and disclosed to carry out treatment, payment and health care operations, but that you are not required to agree to these requested restrictions. However, if you do agree, you are then bound to comply with this restriction. I understand that I may revoke this consent, in writing, at any time. However, any use or disclosure that occurred prior to the date I revoke this consent is not affected.

Emergency Use Authorization

The FDA has made the COVID-19 vaccine available under an emergency use authorization (EUA). The EUA is used when circumstances exist to justify the emergency use of drugs and biological products during an emergency, such as the COVID-19 pandemic. This vaccine has not completed the same type of review as an FDA-approved or cleared product. However, the FDA's decision to make the vaccine available under an EUA is based on the existence of a public health emergency and the totality of scientific evidence available, showing that known and potential benefits of the vaccine outweigh the known and potential risks.

Consent

I have been provided and have read, or had explained to me, the information sheet about the COVID-19 vaccination. I understand that if this vaccine requires two doses, two doses of this vaccine will need to be administered (given) in order for it to be effective. I have been given an opportunity to ask questions which were answered to my satisfaction (and ensured the person named above for whom I am authorized to provide surrogate consent was also given a chance to ask questions). I understand the benefits and risks of the vaccination as described.

I request that the COVID-19 vaccination be given to me (or the person named above for whom I am authorized to make this request and provide surrogate consent). I understand there will be no cost to me for this vaccine. I understand that any monies or benefits for administering the vaccine will be assigned and transferred to the vaccinating provider, including benefits/monies from my health insurance plan, Medicare, Medicaid Or other third parties who are financially responsible for my medical care. I authorize release of all information needed (including but not limited to medical records, copies of claims and itemized bills) to verify payment and as needed for other public health purposes, including reporting to applicable vaccine registries.
